113 Domestic enemies of the US will be rounded up for execution starting January 6th. The people who want to certify Biden will not be in government by the 20th. Their only chance to avoid the rope is to acknowledge the rightful winner of the Nov 3 election.

8 Are you nuts? Do you actually think that would work?

▼ Hold up. The ruling class *literally* prints money for itself and you think we can win with a tax stike? These are the same people who passed on the biggest election scandal of all time (Hunter Biden) and all the ad money that would have brought - tanked the ratings of the NBA to make a political point - and tried to shut down the entire economy for six months just because the economy was making Trump look good.

"Pull out support" Good God man wake up.

▼ An article linked in another post (sorry I don't have it) said that the congress could object, have a 2 hour bullshit discussion, and then vote or agree to conduct their own 10 day "audit" on supposed election fraud. This sounds like some shit that they would pull and I wouldn't be surprised if it is already planned out. If I can think of this, I'm certain that Trump and his team have. Some big news needs to come out and fuck their plan up beyond repair. Political gamesmanship won't cut it. Peoples careers and lives need to be and deserve to be utterly destroyed.

▼ Cruz knows congress is going to stab us in the back on the 6th.
He's been speaking up the whole time. He volunteered to argue the SCOTUS case.
He's trying to buy time to decertify at the state level which is the only real path to victory. Georgia goes into session the 12th, Arizona the 11th, Wisconsin the 4th.
I appreciate Sidney Powell's efforts. Unless they bring decertification at a state level prior to the 6th we need a new plan.

1 ▾ I don't trust any of them outside of Trump, but I trust my own eyes and what I'm looking at coming our way on the 6th. That's why I've come to the conclusion I have.

Going into the 6th without decertification requires us to trust all senate republicans, all house republicans, and about five house democrats. I'll pass on that.

4 ▾ I wonder if there is a way for the public to claim a legal, constitutional declaration of war through a convention of states, petition, or some other method?

That would simplify legal questions and answers regarding the status of legal combatants and such, and it could potentially allow for the POTUS to utilize the military faster, and with more force.
